A highly motivated MCA student with strong skills in web development, c++ , Git & GitHub, SQL , Java . Developed a Result Declaration Portal to enhance transparency and accuracy in academic result distribution. Passionate about Full-stack Development, software development, Cloud Computing, problem-solving, and database management, eager to contribute to innovative projects

EDUCATION

Master in Computer Application (MCA)

Pursuing

KBC North Maharashtra University, Jalgaon.

Department of Computer Science, North Maharashtra University, Jalgaon

Bachelor of Computer Science

2022 – 2025

Savitribai Phule Pune University CGPA:

7.03

HSC – Science

2022

Maharashtra Higher State Board

Percentage: 75.83%

SSC

2020

Maharashtra State Board Percentage:

79.60%

PROJECTS

1) Life Insurance Management System — Team Project (3 Members)

Developed a management system using HTML, CSS, JavaScript, PHP, and PostgreSQL. Built client and policy modules with data handling and interface components.

2) DrainGuard: Smart Drainage Monitoring

Architected an IoT-based prototype using an Arduino Uno microcontroller and various sensors to monitor underground drainage systems.

Addressed civic challenges by enabling real-time blockage and water level detection, with a system designed to send SMS alerts to prevent hazards and reduce manual labor

CERTIFICATIONS

- Completed SQL-Basics certificate A Grade Offered By HackerRank
- Completed Cybersecurity Course A Grade Offered By Tech Mahindra
- M-S Cit Course Certificate A Grade in Samrth Computers, Dhule
- Completed Solutions Architecture Job Simulation Offered By AWS / forage

SKILLS

Languages: JAVA, SQL , HTML, CSS, c++

Databases: SQL, PostgreSQL, MySQL, Oracle, MSSQL

Tools: VS Code, SQL Plus, Ubuntu, Matplotlib,

Git, GitHub ,XAMPP, Android Studio ,GithubCopilot,

Concepts: RDBMS, Database Design

Stack :- Full Stack Development

Soft Skill : Teamwork, People Management, Problem Solving, Fast Learner
